FOR PSA MEMBERS: KWAZULU-NATAL (DURBAN AREA)

27-03-2020

Update: All Departments

The PSA's Provincial Office in Durban is inundated with complaints from members regarding Departments' miscommunication and non-compliance with the COVID-19 directive from the Department of Public Service and Administration, the Department of Health and the World Health Organisation during this lockdown period.

Issues raised by members include non-availability of public transport owing to national disaster regulations, certain employees not provided with work permits to travel to work, and a shortage of personal protective equipment such as masks, sanitisers.

The PSA escalated these concerns to the Provincial Commander Committee, chaired by the Premier of KwaZulu-Natal, Mr Sihle Zikalala, and resolved some of the issues with the respective institutions' management.

Staff of the PSA Provincial Office are available to respond to members' issues during the lockdown and beyond:
