PSA welcomes new Area Commissioner: St Albans Management Area

The PSA welcomes the appointment of Correctional Services Area Commissioner at St Albans Management Area, Mrs Phindile Majazi. The PSA is looking forward to progressive engagements with the Area Commissioner.

The Area Commissioner noted that she is aware of the many challenges facing St Albans related to staff shortages and assaults on officials by inmates. For the PSA, staff shortages and the health and safety of members are a major concern at DCS, and the Union therefore appreciate her recognition of this concern.

The PSA, whilst welcoming the newly-appointed Area Commissioner, also cautions her not to ignore the PSA as the Union is an important stakeholder in terms of effective engagement for the smooth running of the Department.

Ivan Fredericks
