

FOR PSA MEMBERS: GAUTENG DEPARTMENT OF HEALTH

19-06-2019

PSA Victory!

OSD Grade progression implementation success for Gauteng Emergency Medical Services (EMS)

PHSDSBC Resolution 1 of 2009 dealing with Occupational Specific Dispensation (OSD) makes provision for accelerated grade progression for members who meet the required criteria as stipulated in the resolution. Gauteng Department of Health failed to implement the agreement and six PSA members were excluded from the accelerated grade progression.

PSA then embarked on a consultation process with the Gauteng Department of Health to accelerate grade progress for the six members. The Gauteng Department of Health acknowledged their mistake and agreed to implement the accelerated grade progression for the EMS members.
