

FOR PSA MEMBERS: NATIONAL DEPARTMENT OF SOCIAL DEVELOPMENT (DSD)

05-07-2019

Feedback: Public Health and Social Development Sectoral Bargaining Council (PHSDSBC): Chamber for National Departments of Health (DOH) and of Social Development (DSD)

Members were previously informed (see *Informus* – www.psa.co.za) of the items below that were placed on the agenda of the National Chamber last year, but which could not be dealt with owing to the non-attendance of mandated employer representatives from the Department.

Members were also informed of the decision of the Chamber in the subsequent meeting, when DSD again did not attend, to elevate the matter to Council for an intervention. A letter was presented to the General Secretary in February 2019 but up to this point in time the matter has not received any attention. Labour expressed its concern about the delay in dealing with this and asked that the Secretary of Chamber again approach the General Secretary of Council to request that the issue be fast tracked and a special EXCO meeting be arranged.

As the employer from Social Development did not attend the items below were again deferred to the next ordinary Chamber meeting which will be on 20 September 2019.

- Performance assessment 2017/2018 evaluation cycle
- Overtime policy Gender Based Violence Call Centre (GBVCC)
- Monitoring of the implementation of clause 18.1 of PSCBC Resolution 1 of 2012
- Implementation of the Administrative (Admin) Model

Ivan Fredericks
GENERAL MANAGER
