## PSA welcomes new Area Commissioner: St Albans Management Area

The PSA had the opportunity to be called to an introduction meeting on 4 July 2019 by the new Area Commissioner of St Albans Management Area, Mr Nthako Nyapotse.

He indicated in the meeting that he has over 30 years of service in DCS and is coming from Bloemfontein. He was clear to say that he demands respect and that the disciplinary code is not to punish, but to correct behaviour. He also noted that he is aware of the many challenges facing St Albans related to staff shortages and smuggling of contraband.

For the PSA, staff shortages are amongst many concerns at DCS, and it is appreciated that the Area Commissioner recognizes this concern. The PSA welcomes Mr Nyapotse to the Eastern Cape and trusts that there will be a fruitful and successful working relationship with him.
