FOR PSA MEMBERS: LEGAL AID SOUTH AFRICA

26-08-2019

## Various issues and ongoing strike action

The PSA that represents a substantial number of members at Legal Aid South Africa, is highly concerned about the strike at this parastatal, which was triggered by various issues, including benefits and budget cuts.

The PSA believes in social dialogue that could resolve the impasse between Legal Aid South Africa and employees and addressed a letter to the CEO requesting an urgent meeting. The purpose being to engage and resolve the issues that triggered the strike and strengthen the employer/employee relationship.

The PSA will also arrange meetings with members and non-members at their different offices to engage on labour-related matters and map-out a way forward to address all the issues. Members will be informed of developments.
