

INFORMUS

FOR PSA MEMBERS: LIMPOPO DEPARTMENT OF HEALTH

19-08-2019

Update: Limpopo Data Capturers

Data Capturers in the Department of Health are on salary level 4 instead of salary level 5. The PSA reported on the matter in numerous editions of the *Informus* after it was tabled at the PHSDSBC Chamber. Furthermore, an intervention was made to the DPSA by the Health Council through the Limpopo Chamber that resulted in the DPSA reporting that it is embarking on the benchmark for most of the positions, including the Data Capturers.

The PSA indicated in the last *Informus* pertaining to Data Capturers that the DPSA is taking longer than anticipated because the benchmark should include all provinces. The challenge was that the DPSA did not complete the said benchmark because of the failure by provincial departments to submit requested information to the DPSA so that the process can be finalised.

Members are reminded that the job evaluation done by Provincial Offices should be done in consultation with the DPSA that has to complete the same process of benchmarking. The PSA will not rest until the matter is resolved. Members will be informed of developments.
