New benefit for members: Credit Gateway

Over indebtedness is a huge problem for many members. For this reason, a new benefit was negotiated with **Credit Gateway**, an authorized, registered Credit Bureau and Financial Service Provider. **Credit Gateway** has developed, owns, and maintains an internet-based platform through which members will be able to access certain financial services and products.

The following products and services are available:

Free credit report

Credit report fix

Members' credit profile can be assessed and rehabilitated. Unwanted red flags or irregularities from members' credit record will be removed. All removals are financed by way of extended fee payment terms.

Debt negotiation

Credit Gateway provides legal assistance to members who are over-indebted to lower monthly instalment.

Credit life insurance consolidation

All existing credit life policies are consolidated to a single Credit Life premium, reducing the rate by up to 60% of the existing monthly premium. The policy is insured by African Unity.

Members can access services/products by contacting Credit Gateway on: Tel (012) 881 0600; WhatsApp 079 162 2438; SMS 'PSA' to 48737; and web: <https://psa.creditgateway.co.za>

How to register online

Go to <https://psa.creditgateway.co.za>. Click on "Sign up for free". Follow the steps to access your "personal dashboard". You will see your credit report under Bureau scores and different solutions to improve your financial health.
