FOR PSA MEMBERS: GENERAL PUBLIC SERVICE SECTORAL BARGAINING COUNCIL  
(GPSSBC) NORTH WEST

## Update: GPSSBC North West

Members were informed in the previous edition of the *Informus* that a task team was established to investigate the issue of additional workload that is not in the job descriptions of Administrative Clerks who are capturing continuing Professional Teachers Development (CPTD) and the Integrated Quality Management System (IDMS)

Upon enquiry on progress, it was reported that the task team has not yet met owing to several considerations. A decision was then taken to give the committee a due date to commence with its responsibilities. It was agreed the task team should meet on 9 July 2019 after the re-opening of schools. The date of the next meeting is **6 September 2019**. Members will be informed of progress.
