PSA victory for employees on salary levels 5 and 7

Implementation: DPSA Circular - Salary levels 9/10 and 11/12

It was previously reported to members that the PSA declared a dispute on behalf of members on salary levels 5 to 8 who qualify for salary progression in terms of PSCBC Resolution 3/2009.

Conciliation was held on 3 September 2019 and parties entered into a settlement agreement (*attached*). Parties agreed that SASSA will implement the salary progression for all qualifying employees on salary level 5 to be progressed to salary level 6 and employees on level 7 to progress to level 8. It was further agreed that parties will engage on the progression of employees on level 6 with a view of finalising their case by 15 December 2019.

The PSA celebrates the victory for members on salary levels 5 and 7 and will continue its efforts for employees on level 6. Members will be updated on developments.
