Feedback: Annual wage negotiations 2019

The PSA previously reported that its revised demand is at 8.5% whilst the employer's is at 5.7%. On the day negotiations were set to proceed, the employer requested postponement to allow EXCO to discuss the PSA's revised demand and consider options available to SITA. The employer further indicated that the acting Chief Executive Officer has requested to meet with the PSA regarding the issue of salaries. The meeting will be set for early July.

Parties have agreed to focus on the issue of the annual salary increase first and negotiate on other demands once they have agreed on a percentage for salary increase. The PSA's demands on other benefits remain the same. Members can obtain a copy of the list of demands in the previous *Informus* at www.psa.co.za.

Members will be informed of developments.
