

INFORMUS

FOR PSA MEMBERS: EASTERN CAPE DEPARTMENT OF RURAL DEVELOPMENT AND LAND REFORM (DRDLR)

03-08-2020

Non-compliance to COVID-19 Regulations at Cofimvaba Area

PSA was made aware of the COVID-19 positive cases at the Cofimvaba Department of Rural Development and Agrarian Reform. The two employees, a Veterinary Doctor and a Veterinary Student Doctor were tested positive. The management of the department refused to fumigate and deep clean the offices after the employees were placed on self-quarantine.

The PSA took the employer to task after the members reported the matter. The PSA put pressure on the management to temporarily close the office to allow the deep cleaning of offices to take place and the demand was acceded to.

Members should monitor compliance and report incidents to the PSA Mthatha Office where the employer puts service delivery first before the safety of employees. The members can WhatsApp to Gilbert Seakamela on 082 903 6804 or email gilbert.seakamela@psa.co.za.
