

INFORMUS

FOR PSA MEMBERS: EMERGENCY MEDICAL SERVICES (EMS) - EASTERN CAPE

10-02-2020

Urgent update: Unprotected strike action in Eastern Cape (EMS)

The PSA has been informed by shop stewards that some staff members of the EMS are embarking on an unprotected strike based on the failure by the employer to pay their overtime and excess hours since December 2019.

The PSA's Provincial office in Port Elizabeth will be meeting urgently with EMS members of Mdantsane, King Williams Town and East London, including shop stewards from all the Eastern Cape districts to avert the situation.

The meeting will be as follows:

Date: 11-02-2020
Venue: Vincent EMS
Time: 09:00

The PSA appeals to members to refrain from participating in any action that is illegal and unprotected, taking into consideration that EMS is an essential service. Members are also urged to report any kind of intimidation owing to this illegal action to the employer and SAPS for intervention.
