

INFORMUS

FOR PSA MEMBERS: DEPARTMENT OF HOME AFFAIRS - GAUTENG

11-05-2020

Closure of Springs Office

The PSA notes with concern that Springs Office has been closed with effect from 7 May 2020. This follows failure by the Department of Home Affairs to comply fully with the Covid-19 health and safety regulations. The PSA applauds the Department's swift response and quick action by the Labour Inspectors to assess the conditions at the office and subsequently issued a prohibition notice. The PSA will continue to demand that the department continue to observe the health and safety regulations to protect employees from being infected by the coronavirus.

The PSA maintains that members should not report to work and risk their lives until the prohibition notice is uplifted by the Department of Employment and Labour. The PSA requests members to report any incidents of intimidation and harassment by the management to the PSA through their Shop Stewards.
