

FOR PSA MEMBERS: LIMPOPO DEPARTMENT OF EDUCATION

22-07-2020

Sanitization and disinfection of offices

Members will recall that upon employees testing positive for COVID-19, the employer did not want to disinfect the workplace. Subsequently, the PSA engaged the Department of Employment and Labour, who inspected the workplace and issued Contravention Notices.

The employer has appointed a service provider for sanitisation and disinfection of offices at Rentmeester, 113 and 33 Biccard Street on 22 and 23 July 2020. The buildings will thus be opened upon completion of the disinfection exercise. The PSA will continue to fight and protect the rights of workers. Shop stewards in the department are commended for hard work in defending the rights of members.
