

INFORMUS

FOR PSA MEMBERS: LIMPOPO DEPARTMENT OF HEALTH

11-08-2020

Victory for PSA Members

Members will recall that the PSA reported on members working under Expanded Public Works Programme (EPWP), who were not provided with contracts and were not getting remunerated since their initial contracts expired, on 30 June 2020. The members are based in different health facilities around the Limpopo province. Subsequently, on the PSA's engagement with the employer, it was reported that approval has been granted by treasury, for members to be issued with three-month contracts, reinstated on the system and they will be paid during the August 2020 Persal run.

Members must communicate with their superiors regarding their reinstatement and payment of their stipends. Furthermore, any problem can be reported to Lawrence.muvhango@psa.co.za or 082 880 8995.
