

FOR PSA MEMBERS: PUBLIC SERVICE COORDINATING BARGAINING COUNCIL (PSCBC) MPUMALANGA

13-02-2020

# Feedback: Mpumalanga PSCBC Chamber - 7 February 2020

#### **Agenda**

Parties to the Chamber agreed that in view of the number of agenda items, it would be prudent to have multilateral talks on some of the agenda items, outside of the Chamber for the sake of progress and to report back to the Chamber. The meeting will be held within the next two weeks.

## **Disposal: State houses**

It was reported in the previous *Informus* that parties to the Chamber had agreed on the formation of a task team to scrutinise the issue of state houses' occupants. The Secretariat reported that labour had submitted representatives, but the employer had not submitted the names of its representatives yet. The employer acknowledged the failure and committed to submit before the end of February. The Chamber resolved that the disposal of state houses will be kept on hold until the task team carried out its mandate.

#### **Review: Provincial bursary**

Members will recall that labour had called for the decentralisation of bursaries from the Department of Education and requested the employer to provide a report on statistics of bursary beneficiaries in the various provincial departments, to assess if the centralisation of bursaries yielded positive results. The employer presented a report with statistics, but parties agreed that the report was incomplete and had not been circulated before the Chamber meeting. It was resolved that the employer will amend the report and circulate it to Chamber members through the secretariat. The report will then be dealt with in the multilateral meeting to be held before the next Chamber meeting.

## Status: Organograms - all departments

The employer reported that a task team that was established by the former Director-General to do a quality check of organograms of all provincial departments, submitted a progress report to the Provincial Management Committee (PMC) to deal with the report. Parties agreed that this item will be dealt with in the multilateral meeting.

#### Vacancy rate: All departments

Parties also agreed to defer this item to the multilateral meeting.

Members will informed of developments at the multilateral meeting to be held within 14 days, as agreed by parties.
