

INFORMUS

FOR PSA MEMBERS: DEPARTMENT OF EMPLOYMENT AND LABOUR SERVICES -
NORTHERN CAPE

27-03-2020

Update: COVID-19

The PSA is aware that the Department of Employment and Labour in the Northern Cape has not complied by providing members with personal protective equipment (PPE) in all seven offices in the Province. The Management of the Department in Kimberley has been warned to stop providing members with desktop cleaners instead of proper hand sanitisers.

Members should take note that they must use hand sanitisers that contain at least 60% alcohol. Members are also cautioned not to expose themselves to harmful situations whilst discharging their functions while not being provided with the necessary PPE. Such incidences should be reported to management for the necessary guidance.
