COVID-19 National lockdown: **PSA will continue to render services**

The PSA welcomes the announcement by President Cyril Ramaphosa of a three-week national lockdown, effective from midnight on 26 March 2020 to midnight on 17 April 2020, to combat the spread of the COVID-19 virus. Members are requested to adhere to the announced measures and are assured that the PSA, whilst also closing PSA Offices in compliance with the lockdown measures, will remain on high alert and will continue to protect and promote their interests.

Worker protection

The PSA is taking ongoing steps to ensure that workers who have to continue rendering services during this period, including health workers, pharmacists, police officers, the SA National Defence Force, Correctional Officials and SASSA employees, are issued with the necessary protective gear to ensure their safety.

Public Service salary increases

The PSA has cautioned the Department of Public Service and Administration not to exploit the current situation by not honouring the three-year wage agreement for public servants. The PSA will remain alert to ensure that these increases are implemented in line with the agreement. Failure by the employer to comply, will force the PSA to take measures to ensure that public servants receive their increases.
