

INFORMUS

FOR PSA MEMBERS: NATIONAL PROSECUTING AUTHORITY (NPA)

02-11-2020

Salary structure: NPA Investigators

Members will recall that this item was tabled by the PSA in the previous Chamber meeting, demanding the structure of salaries for Investigators. The employer reported that job evaluations were completed and sent to the DPSCA for approval. The employer has now received four options of the salary structure from the DPSCA.

Members will recall that they were requested by the PSA in the previous *Informus* to choose the best option suitable for them. The PSA wants to inform members that after receiving a number of queries from members, it demanded that the employer conducts a workshop or have a meeting with all affected employees to answer to some of their questions. The PSA will ensure that employees' rights are protected during this process.

Members will be updated on developments.
