Submission: Performance Agreements (PAs)

The PSA received information that the employer has issued a communication to complete Performance Agreements by 30 April 2020. The PSA has written to the employer, requesting a postponement of the due date owing to the COVID-19 lockdown.

Members have also indicated that they want to fully engage with their respective managers on the deadline issue to eliminate misunderstandings. Owing to the lockdown, it was impossible for members to engage their managers.

The employer accepted that the PSA's demand for the extension and indicated that the communication was intended for employees who have access to communication. A new date for the submission of Performance Agreements will be communicated to all employees.
