FOR PSA MEMBERS: DEPARTMENT OF PUBLIC WORKS AND INFRASTRUCTURE

01-07-2020

Update: COVID-19 regulations compliance

A follow-up special DBC meeting was held on 29 June 2020. The PSA raised a serious concern amid a spike in COVID-19 infections. The employer reported 23 confirmed positive cases and one fatality. It was further reported that there were 43 recovery cases.

The PSA noted the report but urged the employer to intensify the health and safety measures to prevent further infections. The PSA emphasized that there should be strict compliance with COVID-19 regulations and OHS protocols. Furthermore, the PSA requested the employer to speed up the appointment and training of OHS representatives. The PSA will continue to participate in the steering committees to maintain safe working environment.

The members are encouraged to report any non-compliance with COVID-19 regulations to the PSA through shop stewards.
