

INFORMUS

FOR PSA MEMBERS: STATE INFORMATION TECHNOLOGY AGENCY (SITA)

04-09-2020

What's happening in SITA?

Restructuring of micro-structure

The employer has embarked on a restructuring process as reported in the previous *Informus*. Members will also recall that the PSA demanded to be consulted on the restructuring process.

The employer has now started with the consultation processes. The draft structure is not yet ready for consultation at the Bargaining Forum and members should take note that the PSA is represented in the steering committee to draft the new structure. Members are requested to provide inputs on the *attached* migration and placements framework by not later than **8 September 2020** to motjatji.maila@psa.co.za

The PSA will ensure that no employee loses employment as a result of the restructuring process. Members will be informed of developments.
