

INFORMUS

FOR PSA MEMBERS: STATE INFORMATION TECHNOLOGY AGENCY (SITA)

08-12-2020

Update: Salary negotiations

Members will recall that the PSA tabled a 12% demand for 2020/2-salaries increments and other conditions of service. The employer offered 0%. There was no improvement at the next meeting and parties reached a deadlock. In the previous *Informus*, members were informed that the matter was referred to the CCMA and that they would be informed of the date for conciliation.

The PSA would like to inform members that conciliation has been scheduled for 24 December 2020. The PSA urges members to be prepared to embark industrial action should parties not be able to settle the matter during conciliation. Members will be updated on developments.
