Labour Appeal Court: Set-down date for then-Demilitarised Finance Division personnel

Members were informed in previous editions of the *Informus* regarding progress on demilitarisation of then-Finance Division personnel's pending case.

In the previous *Informus*, the PSA indicated that the Labour Appeal Court date was awaited. The PSA enquired, for an instruction whether the Registrar of the Labour Court can be requested to consider for an expedited date to address this long-overdue matter. The PSA attorneys successfully applied for such.

The PSA has subsequently received a set-down notice. **The matter will be heard before the Labour Appeal Court on 9 September 2021.** The PSA is pleased in that the matter can ultimately be pursued for finalisation of the preliminary issues raised by the employer's legal team, after such a considerable delay owing to continuous changing of attorneys and/or advocates by the employer.

The PSA sympathises with all members who are impacted by the COVID-19 pandemic and reminds members to take utmost care during the third wave of infections.

Members will be informed of developments.
