

Feedback: Special Departmental Bargaining Council meeting - 22 July 2021

Departmental policies

The employer requested a special DBC meeting to table the following draft departmental policies: Computing asset replacement, Enterprise content management, Information security, IT infrastructure, Mobile device, Internet and intranet, Security organisation, Classification and System application development.

Labour discovered that the policies were already approved by the EXCO before these could be consulted at DBC level. The PSA demanded that the employer should withdraw the approval and consult labour appropriately in terms of the GPSSBC governance rules. The employer apologised and requested to engage its principals to rectify the omission. The employer committed to provide feedback through the administrator before the next DBC. Members will be updated on developments.

The PSA wants to take this opportunity to wish all employees who are unwell owing to COVID-19 a safe and speedy recovery.
