

INFORMUS

FOR PSA MEMBERS: FURTHER EDUCATION AND TRAINING COLLEGES BARGAINING UNIT (FETCBU)

17-08-2021

Feedback: Special DBC meeting

Concerns and challenges: Standardisation process

It was previously reported to members that a task team with three work streams was formed to investigate the concerns and challenges raised about the implementation of the standardisation process. The previous *Informus* is attached for ease of reference.

The task team was expected to report back to the DBC on 16 August 2021. The task team unfortunately could not complete investigations in all the colleges within the period provided. The period of the investigation was extended to 26 August 2021 for a comprehensive report to be submitted. The employer will issue a circular to all employees to provide an update on the work of the task team. The members who were unable to make representations to the task team, are requested to send their inputs to peter.mngomezulu@psa.co.za by 23 August 2021.

The PSA wants to take this opportunity to wish all employees who are unwell owing to COVID-19 a safe and speedy recovery.
