11-07-2022

Update: Circular issued by acting Director on taxi strike 8 July 2022 for Mpumalanga DoJ&CD

Following a circular issued by the acting Director for Human Resources during the taxi-strike action that officials who couldn't report for duty owing to the strike action must submit affidavits to Employee Relations when they report back for duty, except for those who already took approved leave, the PSA immediately engaged the employer on the circular. The circular further indicated that Employee Relations Sub-Directorate would view all offices' attendance registers and leave taken during the period of the strike action and for unapproved absence a no-work, no-pay principle would be implemented.

Members are informed that after the PSA engaged top management, the Regional Head withdrew the circular. Any member threatened by management must immediately report this to PSA Provincial Office. The PSA will always protect members' rights against any unethical conduct by employers.
