Update: Mpumalanga PHSDSBC Chamber meeting

The PHSDSBC Chamber Meeting was held on 28 November 2022. The following agenda items were discussed:

Feedback: Nurses' translation

Members were previously informed that a task team was appointed by the Mpumalanga PHSDSBC Chamber to deal with the translation of nurses. The PSA is part of the task team, and the employer requested labour to submit a consolidated list of outstanding nurses to be translated. Those who are due for translation should send their names, work station, rank to be translated to, and Persal number to sibongile.ngomane@psa.co.za or Jabulile.mnisi@psa.co.za by **8 December 2022**.

Staff shortage

The employer made a presentation on the progress of appointments and staff turnover in the Department of Health. Labour acknowledged the efforts by the employer but also indicated that we are expecting the employer to do more to curb the shortage of staff in facilities.

Internal intake for Mpumalanga College of Nurses: 2022/23-financial year

Labour requested that at least 50% of the internal intake should be considered for the 2022/23-financial year at Mpumalanga College of Nurses. The employer confirmed that approval has been granted.

Implementation: PHSDSBC Resolution 3/2019

Parties agreed that a task team must be established to monitor the implementation of this collective agreement. Members are advised that it is their responsibility to constantly check with HR whether the employer is deducting the SANC subscription to avoid being de-registered.

Members will be updated on developments.
