

FOR PSA MEMBERS: **MPUMALANGA DEPARTMENT OF HEALTH**

01-11-2022

Non-compliance with occupational health and safety (OHS) standards at Tintswalo Hospital – Mpumalanga

It was brought to the PSA's attention that members are working under detrimental conditions at Tintswalo Hospital. Members are experiencing challenges with water supply and electricity. The PSA immediately reported the matters to management and an urgent meeting was arranged.

The PSA is pleased to report to members that an additional ten 10 000 liter water tanks have been supplied, and the employer has committed to the following:

- A new borehole is being drilled to ensure a constant water supply.
- Water pressure pumps have been procured and will be installed to improve the flow of water to areas where there is low water pressure.
- A new standby generator has been procured for the project of ensuring water supply and should be finalised during the first week of November 2022.

Members should continue to report non-compliance with the *Occupational Health and Safety Act* in the workplace.
