Update: Resuscitation and Upgrading of Golden Leopard Resorts

The chairperson, Mr Raymond Elisha invited unions to submit their proposals on how to resuscitate the wealth of Golden Leopard Resorts, which is no longer obtaining additional funding from Government to cater for payment of salaries and creditors.

PSA PROPOSALS

The PSA consolidated their proposals and suggested that management consider revamping the swimming pool to accommodate adults, take ownership of the game drives as well as Bosele Cafeteria to generate more income rather than renting them to outside companies.

It was further articulated that each resort should centralise its own marketing as it is vested with their own dimensions. The duplication of positions at finance requires thorough internal investigation to identify if personnel cannot be placed to deserving departments and finally to write off the loan that was contemplated against Golden Leopard Resorts as it was a free handout given by the Department of Economic Development.

Members will be kept informed of any further developments.
