## Update: Mpumalanga PHSDSBC Chamber meeting

The PHSDSBC Chamber meeting was held on 22 February 2022, and the following Agenda items were discussed:

### **Feedback: Nurses translation**

Members were previously informed about a task team appointed by the Mpumalanga PHSDSBC Chamber to deal with translation of Nurses wherein PSA is part of that task team. The consolidated list of outstanding Nurses to be translated was presented by the employer to the task team and confirmed by labour. A follow-up meeting to discuss the effective date is scheduled for 25 February 2022. Members will be updated.

### **Staff shortage**

The employer made a presentation on progress with appointments and staff turnover in the Department of Health. The PSA acknowledged the efforts by the employer; however, demanded that the employer is expected to speed up the process to curb the shortage of staff in all facilities. The employer noted and mentioned that it is also committed to advertise replacement posts on bi-weekly basis.

### **Decentralised and management of Multi-Drug-Resistant TB services: Mpumalanga DOH**

A labour caucus to discuss that matter is schedule to take place on 11 March 2022. Labour representatives from TB hospitals will form part of the caucus meeting with a view to obtain their inputs.

Members will be informed of developments.
