

FOR PSA MEMBERS: **SOUTH AFRICAN PHARMACY COUNCIL**

01-04-2022

## Feedback: Labour Forum meeting

### Revision: Working from home

The employer has requested that all employees working remotely must report four times a month physically to 591 Belvedere Street, Arcadia. This is a minimum. The employer encouraged all employees who have challenges with working remotely tools to come to the office to have these resolved. If an employee courier the equipment, the expense must be borne by the employee. This applies only to all employees working remotely outside the province.

### Annual General Meeting leave (AGM): PSA members

The PSA requested the employer to consider leave for the AGM to be approved from 12:00 to 16:30. After much deliberation, the employer agreed to grant time off for the AGM from 12:30 until 16:30 for the SAPC AGM meeting. This proposal was also supported by Nehawu.

### Action list

The action list was provided by the employer. This list was drawn up by the employer of all matters discussed at the Bargaining Forum and the progress thereof. It was devised to keep track of all completed matters and outstanding matters that need further deliberation.

### Budget

The employer advised labour that R6 312 is available for Labour Forum meetings. This was for noting only.

### Next meeting

The next meeting will take place on 17 August 2022.
