FOR PSA MEMBERS: SOUTH AFRICAN REVENUE SERVICE (SARS) – JOHANNESBURG AREA

11-07-2022

## Update: SARS strike action plan

Members are aware of the ongoing battle with the employer to ensure that members receive a real wage increase. Previously, the employer made a offer that included a 1.39% salary increase, which was rejected by members through the national mandate process. As indicated to members, strike action will resume on 12 July 2022.

Members in the Johannesburg area are invited to join the strike every day at SARS Alberton Campus. We will convene from 07:30 in front of the campus. During the strike, members are urged not to work even if you can work remotely from home as this will render the strike ineffective and some would have made sacrifices in vain.

Members are requested to wear their PSA gear.

**Nothing worthwhile was ever achieved without sacrifice. Let's unite and fight to receive a real wage increase and grow our future.**

Members will be informed of developments.
