Update of member contact details - Mpumalanga

The PSA in Mpumalanga, representing more than 13 000 members in the public service and parastatal institutions, is committed to enhancing communication with all its valued members. Members are updated with information emails and SMS messages on cellphones.

To ensure members' contact details are correct, the PSA has initiated a comprehensive project aimed at updating and improving the contact information database. It is recognized that information captured from application forms may not always be easily transcribed and, as result may not always be accurate. The PSA requests all member structures, shop stewards, and members to actively participate in this important initiative. By completing and updating the relevant information, you ensure that you receive timely and crucial information from the PSA, especially regarding urgent matters such as salary negotiations and mandating processes.

How can you participate

A contact details update form is *attached*. Please take a moment to fill out the form with your accurate and current information. Your participation is vital in ensuring that the PSA has up-to-date details to effectively communicate with you. Once you have completed the form, kindly submit it to the PSA's Mpumalanga Provincial Office at the following email address:
