

FOR PSA MEMBERS: **NORTHERN CAPE**

10-05-2023

## Northern Cape: State of Departmental offices

Members will recall that the PSA has been engaging the employer regarding dysfunctional offices in the Northern Cape. Some offices pose material dangers to the health and safety of employees. Some offices do not have the following:

- Ventilation or allowing natural air/sunlight into offices
- Drinking water for employees, with employees having to drink water from water tanks
- Some offices do not have extractor fans

The PSA already forwarded several complaints to the Provincial Management of Departments regarding the above-mentioned matters. However, to pursue this state of affairs and ensure that the situation is addressed without further delay, members are requested to contact the PSA's Provincial Office in Kimberley regarding the actual state of their respective offices. The Provincial Office can be contacted as follows:

Russle Bindeman - 082 883 7563 / [russle.bindeman@psa.co.za](mailto:russle.bindeman@psa.co.za)

Eugene Louw - 076 249 2489 / [eugene.louw@psa.co.za](mailto:eugene.louw@psa.co.za)

GENERAL MANAGER
