Update: CCPNWP Chamber meeting - 9 June 2023

Provincial PMDS policy

The employer made a presentation on PMDS. Labour was not convinced about the distribution curves outlining how employees were assessed for the period 2021/22. The employer and labour agreed that in the next meeting the employer will present a Persal report on PMDS for the said period. The employer will also liaise with PMDS units in Departments and compile the said report with a breakdown of all performance assessments, which will be available in the next sitting.

Vacancy rate: Provincial Departments

The employer presented a report on the vacancy rate in Departments and concerns were raised by labour regarding a high vacancy rate. Parties agreed that the employer will monitor the situation and present a report with findings in the next meeting.

Members will be informed of developments.
