Update: Special PSCBC Meeting – Mpumalanga Province – 21 February 2023

Mpumalanga Provincial Labour Summit Declaration

A special Chamber meeting was held on 21 February 2023 where the adoption of resolutions taken at a summit, held from 17 to 18 November 2022, was agreed upon. The Secretary of the PSCBC was present and he read out the summit agreement to both parties. Parties agreed that everything discussed and agreed on was captured. *Attached* is the summit declaration.

However, labour raised its concern regarding the employer's lack of commitment to attend the Chamber with clear mandates and commitment. Labour also requested that the Council draft an action plan that would be used to assess the timeframe our Chamber takes to resolve matters.

The employer acknowledged the concern and supported the proposal for the draft action plan by the Secretary. Employers committed to taking mandates from their principals and to make sure the relevant people attend Chambers so that outstanding issues are not postponed regularly and matters get finalised.
