## PSA Pretoria Annual Intersectoral Members' Meeting

The PSA is thrilled to announce that all tickets for the upcoming Intersectoral Members' Meeting, scheduled for 16 February 2024, have been sold out! The PSA extends sincerest appreciation to each and every member for the enthusiastic response and for joining in celebrating this annual event. The overwhelming support demonstrates the strong sense of community and dedication in the Union.

The PSA, however, recognises that the capacity of the venue has limitations, and unfortunately, any additional attendees cannot be accommodated at this time. The PSA understands that some members may be disappointed and apologises for this. Alternative ways to accommodate more members in future will be considered to ensure that all interested members have the opportunity to participate.

Once again, thank you for your unwavering support. The PSA looks forward to a successful and memorable Intersectoral Meeting.
