Firearm and Ammunition Policy

The employer previously tabled a draft Firearm and Ammunition Policy for consultation. The Policy was subsequently referred to the task team to engage on it based on the input received from members. The Policy seeks to regulate the issuing, use, prohibitions, and duties of those authorised to use a firearm. The responses to the input received on the Policy are *attached*. Members are requested to provide the PSA with any final input before **25 November 2025**.

Transport Policy

The employer previously tabled the draft Transport Policy for consultation. The Policy was subsequently referred to the task team to engage on it based on the input received from members. It was, however, noted that the input made during the task team meeting on the utilisation of the vehicle for memorial services is still to be responded to by the employer. The Policy further regulates the issuing of vehicles, attendance of memorial services, fuel cards, keys, and vehicle disposal. The responses to the input received on the policy are *attached*. Members are requested to provide the PSA with any final input before **25 November 2025**.

Loss Control Policy

The task team tabled proposed input on the Policy as per the *attached* responses received. Amendments were made to the Loss Control Committee and Loss Control Officer. Members are requested to provide the PSA with any final input before **25 November 2025**.
