

FOR PSA MEMBERS: CENTRE FOR PUBLIC SERVICE INNOVATION (CPSI)

12-05-2025

Feedback: CPSI Bargaining Chamber

Relocation of office

As members are aware, the office of the Centre for Public Service Innovation (CPSI) was temporarily accommodated at the Department of Public Service and Administration (DPSA). Members raised concerns that the office space provided was inadequate and could not accommodate all staff. Additionally, several occupational health and safety issues were reported.

The PSA called on the employer to prioritise the health and safety of employees and to ensure full compliance with the *Occupational Health and Safety Act*. In response, the employer indicated that three potential buildings have been identified for relocation, pending approval from the Department of Public Works and Infrastructure (DPWI). To mitigate immediate concerns, the employer reported that staff had been moved from a hazardous floor to a more suitable one and were allowed to work from home, only coming to the office when necessary. The PSA urged the employer to follow up with the DPWI to expedite the approval process and secure a safe and adequate office environment.

Join the PSA

Employees who wish to join the PSA are encouraged to visit the PSA website or contact the nearest PSA Provincial Office for assistance.
