Ticket information

Members are advised that the ticket price has increased from **R50** to **R60**. This adjustment is necessary to cover the increased costs of hosting the events whilst maintaining the high standard members have become accustomed to. The Provincial Office is working to procure and have tickets ready for sale by **15 October 2025**.

Tickets will only be sold to active PSA members. It is therefore important that members, through their local shop stewards, complete the ticket lists used to verify membership. Members are reminded to purchase their tickets in advance, as no tickets will be sold at the venues on the day of the Intersectoral or District gatherings. Ticket sale cut-off dates are **one week before the function**.

The PSA encourages all members to attend and participate actively in these important engagements.
