

FOR PSA MEMBERS: **GENERAL 14/2025**

31-07-2025

A MUST FOR ALL PSA MEMBERS: PSA launches mobile application: Register now!

The PSA is pleased to announce the official launch of the PSA mobile application (PSA App) on 31 July 2025, a strategic step in strengthening accessibility, engagement, and service delivery for all members.

In an increasingly digital world, the PSA App is designed to bring members closer to the Union, streamlining communication and administrative processes. The following features are currently available through the PSA App, with more features to be developed:

- **Access to the latest media:** Stay informed with real-time updates on PSA campaigns, media releases, events, and news.
- **Meeting invitations:** Receive and respond to invitations for PSA-related meetings directly *via* the app.
- **Travel itinerary submissions:** Members attending PSA meetings requiring travel can complete and submit their itineraries through a secure in-app feature.
- **Online PSA gear store:** Purchase official PSA-branded merchandise conveniently through the integrated online store.
- **Contact list:** A directory of PSA contacts is available for quick access to support and enquiries.
- **Fringe benefits:** View comprehensive information on all benefits available to PSA members.
- **Digital membership card:** Access your digital PSA membership card linked to your unique membership number, reflecting your membership status in real time (after registration).

This innovation represents the PSA's ongoing commitment to efficient service delivery and modernised Union operations. **Members are encouraged to download the PSA App from the relevant Play store and App store and follow the activation instructions that will be communicated.**

The PSA is focused on leveraging technology to strengthen its role as the Union of Choice – download the PSA App today and register to enjoy the benefits! Should you need assistance in this regard, please contact your nearest PSA Provincial Office.
