#PSAYouthSurvey: Shaping the future of young public servants

The PSA recognises the vital role that young employees play in shaping the future of the public service. As part of the PSA's continued efforts to represent and support members effectively, the PSA is launching the *#PSAYouthSurvey* to better understand the unique needs, expectations, and challenges faced by young public servants.

The survey seeks to gain insight into a variety of key areas, including workplace concerns, career development, Union benefits, communication preferences, and levels of engagement. By participating in this initiative, young employees will assist the PSA to:

- Tailor Union services and benefits to better suit your needs
- Identify and address workplace issues affecting young employees
- Strengthen communication channels and engagement opportunities
- Inform strategic decisions that promote inclusive representation

The PSA invites all young public servant (members or non-members), to take part in this important initiative. Your voice matters, and your feedback will directly influence how the PSA advocates for and supports you going forward.

To participate, please complete the survey using the following link:

<https://forms.office.com/r/jXGXpU2Tw7>

Please submit your responses by 15:00 on 7 July 2025. All participants will be entered into a draw where FIVE lucky winners will receive a prize from the PSA!

Thank you for helping the PSA to build a stronger, more responsive Union – shaped by your voice!
