## Feedback: GPSSBC - Provincial Chamber Meeting: KwaZulu-Natal

The meeting discussed the following item:

### **COGTA restructuring**

This agenda point was discussed during the Chamber meeting on 13 June 2025. The employer indicated that there was no movement regarding the new organisational structure and that the service delivery model was discussed at a higher level and the new structure was therefore still in process.

Organised Labour wanted clarity regarding Spatial Planning as it was reported to organised labour that the acting Head of Department was engaging directly with managers in affected directorates. Should the drafted structure receive adequate input from senior managers and the MEC, it would then be presented to the Departmental Task Team (DTT) for organised labour inputs and consultation. The Chamber resolved that the restructuring be discussed in the next DTT and parties to provide feedback to the Chamber during the next meeting to be held on 22 September 2025. Members will be informed of developments.
