Recognition agreement between PSA and PPRA

The PSA has increased the Union's membership at the Property Practitioners Regulatory Authority (PPRA) for the past three months. This has resulted in the PSA becoming the majority Union at the PPRA.

The PSA realised the need to have a recognition agreement that will regulate the relationship between the PSA and the PPRA. A draft agreement has been sent to the employer for inputs. A meeting was held on 6 October 2025 to discuss the contents of the agreement and a few amendments needed to be made. The PSA was given seven working days to make input on the document. The inputs were submitted on 15 October 2025. The PPRA management will submit the recognition agreement with its inputs by 27 October 2025.

Members will be informed of developments in respect of the recognition agreement.
