CBRTA cost-of-living negotiations delayed again: PSA ready to table members' demands

The PSA would like to update members on progress of with 2026/27 cost-of-living adjustment (COLA) negotiations. As a mandate-driven Union, the PSA received clear inputs from members to commence negotiations without delay. The PSA proposed 3 March 2026 as the starting date. The employer was not available and instead proposed 17 to 18 March 2026, which the PSA accepted. Thereafter, the employer again shifted the meeting to 24 March 2026, citing unavailability of the chairperson.

The PSA remains fully prepared to table members' demands on 24 March 2026. Should the employer introduce further delays or excuses, the PSA will reserve its rights and consider appropriate remedies at its disposal.
