

FOR PSA MEMBERS: FREE STATE DEPARTMENT OF HEALTH

26-02-2025

Request for inputs: Health and safety issues

The PSA is pleased to inform members that the Free State Department of Health has invited the PSA to attend the Provincial Health and Safety Committee meeting, scheduled for 3 March 2026.

As the PSA prepares for this important engagement, members are requested to submit any health and safety concerns experienced at their facilities. Such input is essential to ensure that employee well-being and safe working conditions are prioritised. **Please email concerns to:** Lysie Pelsler - lysie.pelsler@psa.co.za and Seiso Motlhale - shadrack.motlhale@psaftss.co.za.

When submitting issues, please also indicate whether or not your facility's Health and Safety Committee is functional, as well as any specific health and safety challenges, such as:

- Availability of clean, running water
- Functionality of sanitation facilities
- Ventilation issues
- Hazardous working environments
- Shortage of PPE
- Any other risks affecting employee safety

Your feedback will assist the PSA in presenting accurate and comprehensive reports to the Department, ensuring that members' concerns are heard and addressed.

Your safety is the PSA's priority!

The PSA is committed to safeguarding the rights and wellbeing of members. You are encouraged to make use of this opportunity to ensure that your workplace challenges are raised at provincial level. The PSA is committed to ensuring that the interests and welfare of employees are prioritised in every DBC engagement.

Employees who wish to join the PSA can visit the PSA website or contact the PSA Provincial Office for assistance.
