

FOR PSA MEMBERS: **GENERAL 24/2026**

02-10-2026

PSA welcomes *STADIO Higher Education* as a new education partner

The PSA is pleased to introduce *STADIO Higher Education* as a new education partner, giving PSA members and their eligible immediate family members access to Higher Education opportunities at a discounted tuition fee.

STADIO Higher Education is a registered private Higher Education Institution with more than 43,000 students in 2026, of whom approximately 37,000 study through distance learning and more than 6,000 through contact learning. *STADIO* offers a broad range of undergraduate and postgraduate qualifications through distance learning and contact learning.

Its flexible study options are particularly suited to working professionals who want to further their qualifications while continuing with their careers and family responsibilities.

For students who prefer a campus-based learning experience, *STADIO*'s contact learning campuses are located in Centurion and Waterfall (Midrand) in Gauteng, Durbanville in the Western Cape, and Musgrave (Durban) in KwaZulu-Natal.

Make the most of your PSA membership

Through the partnership, eligible PSA members receive a 7.5% discount on *STADIO* tuition fees. The benefit also extends to members' spouses or permanent life partners, as well as dependants under the age of 30. The discount applies to distance learning and contact learning qualifications, subject to *STADIO*'s normal admission requirements, registration regulations, academic policies and qualification availability.

What can PSA members study?

PSA members and their eligible family members can explore study opportunities across *STADIO's* eight Academic Schools:

• Administration and Management	• Commerce
• Education	• Engineering and Architecture
• Fashion, Arts and Design	• Information Technology
• Law	• Policing and Law Enforcement

Study while you work

For PSA members who are already working, *STADIO's* distance learning model provides flexibility to pursue a recognised academic qualification without routinely attending campus-based classes. Students can study remotely and structure their study time around work, family and other commitments while meeting their academic requirements and deadlines. Distance learning students have access to *STADIO's* online learning environment, learning materials, assessments, academic support, online library resources, and student-success and well-being support. Contact learning is also available for selected qualifications at *STADIO's* campuses in Centurion, Waterfall (Midrand), Durbanville (Cape Town) and Musgrave (Durban).

Important conditions

- The 7.5% discount applies to tuition fees only. Registration, repeat-module and other non-tuition fees are excluded.
- Proof of PSA membership is required.
- Eligible spouses, permanent life partners and dependants under the age of 30 must provide proof of their relationship to the PSA member.
- The PSA benefit does not guarantee admission; applicants must meet the entry requirements of their chosen qualification.

How to apply and access the PSA benefit

1. Explore the available *STADIO* qualifications and choose the programme that best suits your study and career goals (www.stadio.ac.za).
2. Check the qualification-specific admission requirements and mode of delivery.
3. Apply to *STADIO* through the normal online application process.
4. Indicate that you are a PSA member and provide proof of your PSA membership. Eligible family members must also provide proof of their relationship to the PSA member. *STADIO* will provide you with a form to complete.
5. Once admission and PSA eligibility have been confirmed, the 7.5% tuition-fee discount can be activated.
6. Complete registration in accordance with *STADIO's* normal registration requirements and timelines.

2027 applications and registration

Members planning to study in 2027 are encouraged to explore their options and apply early. Applications for contact learning have already opened, and applications for distance learning opened on 15 September 2026. Members should consult the *STADIO* website for the latest information on academic programmes, application dates and registration requirements for 2027.
