Update: Settlement of third-party deductions

The PSA is pleased to inform members at Golden Leopards Resort (GLR) that long-outstanding debts related to third-party deductions have now been settled. This includes payments for union subscriptions, provident fund contributions, Unemployment Insurance Fund (UIF), and employees' tax obligations.

This positive outcome is the direct result of the sustained pressure, advocacy, and interventions by the PSA. The Union engaged the employer through formal correspondence, meetings, and follow-ups, escalated the matter to the Department of Economic Development, Environment, Conservation and Tourism (DEDECT), and brought public attention to the matter via media statements and radio interviews. These combined efforts compelled the employer and relevant authorities to take decisive action to address employees' concerns.

The PSA thanks all members for their patience and support during this period. The Union also urges members to verify that their benefit statements and deductions reflect the correct payments and to immediately report any discrepancies to the PSA.

This achievement demonstrates the power of collective action and the union's unwavering commitment to protecting members' rights and financial security. The PSA will continue to monitor GLR to ensure full compliance and prevent any recurrence of such issues.
